

ANALOG WAY ASCENDER 48-4K

A powerful multi-screen Seamless Switcher based on Analog Way's new LiveCore™ platform, state-of-the-art processing, Soft Edge and 4K capabilities for top notch presentations. The Ascender features (12) inputs with 42 input plugs, (4) versatile outputs and (1) dedicated preview/mosaic/monitoring output. The Ascender can be controlled via remote web interface or tactile Vertige console. Multiple units can be linked to accomplish larger projects sharing input sources across multiple destinations.
