

# ET-D75LE90 Projector Lens

By simply mounting the ET-D75LE90 lens onto a bright, 20,000-lm-class projector, you can project a large, 200-inch diagonal image from a distance of only about 1.6 M. Screen sizes up to 600 inches diagonal are supported.

The ET-D75LE90 ultra-short-throw lens make it possible to install projectors in spaces that were never before possible for projection mapping, large floor projection, and staging.

## FEATURES | SPECIFICATIONS | BENEFITS

- **F Value:** 2.5
